Credit Builder Loan Terms and Conditions

The purpose of the Credit Builder Loan is to support you in rebuilding your credit file by evidencing a positive payment history. It allows you to take on a small amount of debt and demonstrate that you are a reliable borrower.

We cannot guarantee your credit score will improve, nor can we guarantee how long it will take to see any improvement, as this depends upon a variety of other factors, such as your management of other financial commitments, which are outside of our control.

Please also refer to the general loan terms and conditions.
