| What is the dividend rate? | The dividend rate is your share of our profits which is agreed by members at the Annual General Meeting (AGM). The AGM can be held anytime within six months of the year end, which is the 30th of September. Dividends are based on the profits made from the Credit Union within the previous financial year. The annual dividend will be based on the balance at the close of business each working day for the past year. Dividend payments are not guaranteed. |
| Can No1 CopperPot change the dividend rate? | Once it has been agreed at AGM it cannot be changed but it may change each year. The dividend rate is proposed by the Credit Union for the previous year, based on a variety of factors such as financial performance, cash flow, market interest rates, and growth plans. Members then vote at the Annual General meeting to agree the dividend rate. |
| What was the last dividend rate? | Previous dividend rates can be found on our website. https://www.no1copperpot.com/services/our-rates/ |

How do I open and manage my account?

To be eligible for junior membership you must be under 18, registered at the same address as a qualifying member, which is a parent/grandparent who works for or is retired from the Police Family and reside in the UK. Your parent/grandparent (within the police) must hold a Member Account first to enable you to join.

You can open your account in person, online, through our app, or by contacting us directly via phone. You can manage your account through all channels including email. You must always maintain a minimum balance of £5 but you do need to save into the account regularly. Money can be saved through payroll or pension deduction (available in most forces), or Direct Debit.

The account will be in the name of the junior but controlled by the qualifying adult member. Control of the account can be passed to the junior any time from the age of eight upwards and they may change their account to adult status from age 16 should they wish to do so. Moving control to a junior will convert their membership from junior status to active member status.
